Saw you guys a couple of years ago at the WI State Fair. I sampled every sauce and every rub. Loved them all I talked to one of the guys, for about an hour. Very nice guy, we talked runs, sauces, the military and family. I ended up buying one each of the sauces, and a couple of rubs. I couldn't wait to get to the fair this year. I bought a bunch of there products and a hat. The new rub they have "shellback" is my new favorite. It's awesome with chicken!! I even used it in some beef burrito soup. I highly recommend all there products, and as a big thank you for your service. God bless us

Been making party ribs and experimenting with different rubs. This Memphis rub is the absolute best thing I have ever tasted on ribs. I've never had so many compliments on how good they were and it was all this rub. I'd love to buy a 5 gallon bucket of it!

Made these ribs this past weekend and everyone loved them. Each flavor was delicious and most of the family loved the Pogeys Bait. The O.R.F was great as well. I would recommend Burn Pit BBQ to all my friends and family!
